

The Good News

#planetcleanup

WHO LOVES ANIMALS?

What kind of animals do you have?

How do you show love to these animals?

WHO LOVES OUR EARTH?

What do you LOVE about Our Planet?
How would you show LOVE to Our Planet?

Animals suffering from plastic trash

DIRTY

HOW DO WE
KEEP THIS
OUT OF OUR
OCEANS

HOW DO PLASTICS GET INTO OUR OCEANS?

1) Rain/winds

2) Littering

3) Drains

HOW DO WE KEEP TRASH OUT OF OUR OCEANS?

- The main thing we need to do is to **SEGREGATE** our trash.
- **SEGREGATION** is an important step in waste management.

HOW CAN WE MANAGE OUR WASTE?

REUSE
REDUCE
RECYCLE

- ? We can **reuse** water bottles.
- ? We can **reduce** using straws.
- ? We can **recycle** many plastic materials.

Use **reusable** or **degradable** shopping bags.

Look for **alternative packaging**, such as paper.

Buy **unpackaged food**.

If you can't reuse it, **refuse it**.

We can **REDUCE** by using **alternatives for plastic**

Use **paper, steel, or bamboo straws**.

Stop intentional **littering**.

Invest in **reusable containers and mugs**.

Lobby for plastic management **strategies and recycling regulations**.

EDUCATE OTHER PEOPLE ABOUT OUR GLOBAL GARBAGE CRISIS.

- Teach them at home
- Teach them at school
- Be a good example

THE GOOD NEWS

#PLANETCLEANUP

**Solutions for Our Global Garbage Crisis
and Restoration of Humanity.**

ABOUT THE GOOD NEWS - #PLANETCLEANUP

Now a days, we get a lot of **bad news** on TV, the news, and social media such as war, school shootings, crimes, extreme poverty, garbage crisis and the list goes on.. **Its sad.**

But at the end of the day, **it really depends where you look**. This is the main reason **The Good News** was born, to help increase awareness that there still are **good people** and **good news** out there, we just need to **share** more, **care** more and **love** more.

One love for Our Planet, Our Home.   **100**

#PLANETCLEANUP SYMBOLS

= **Love**

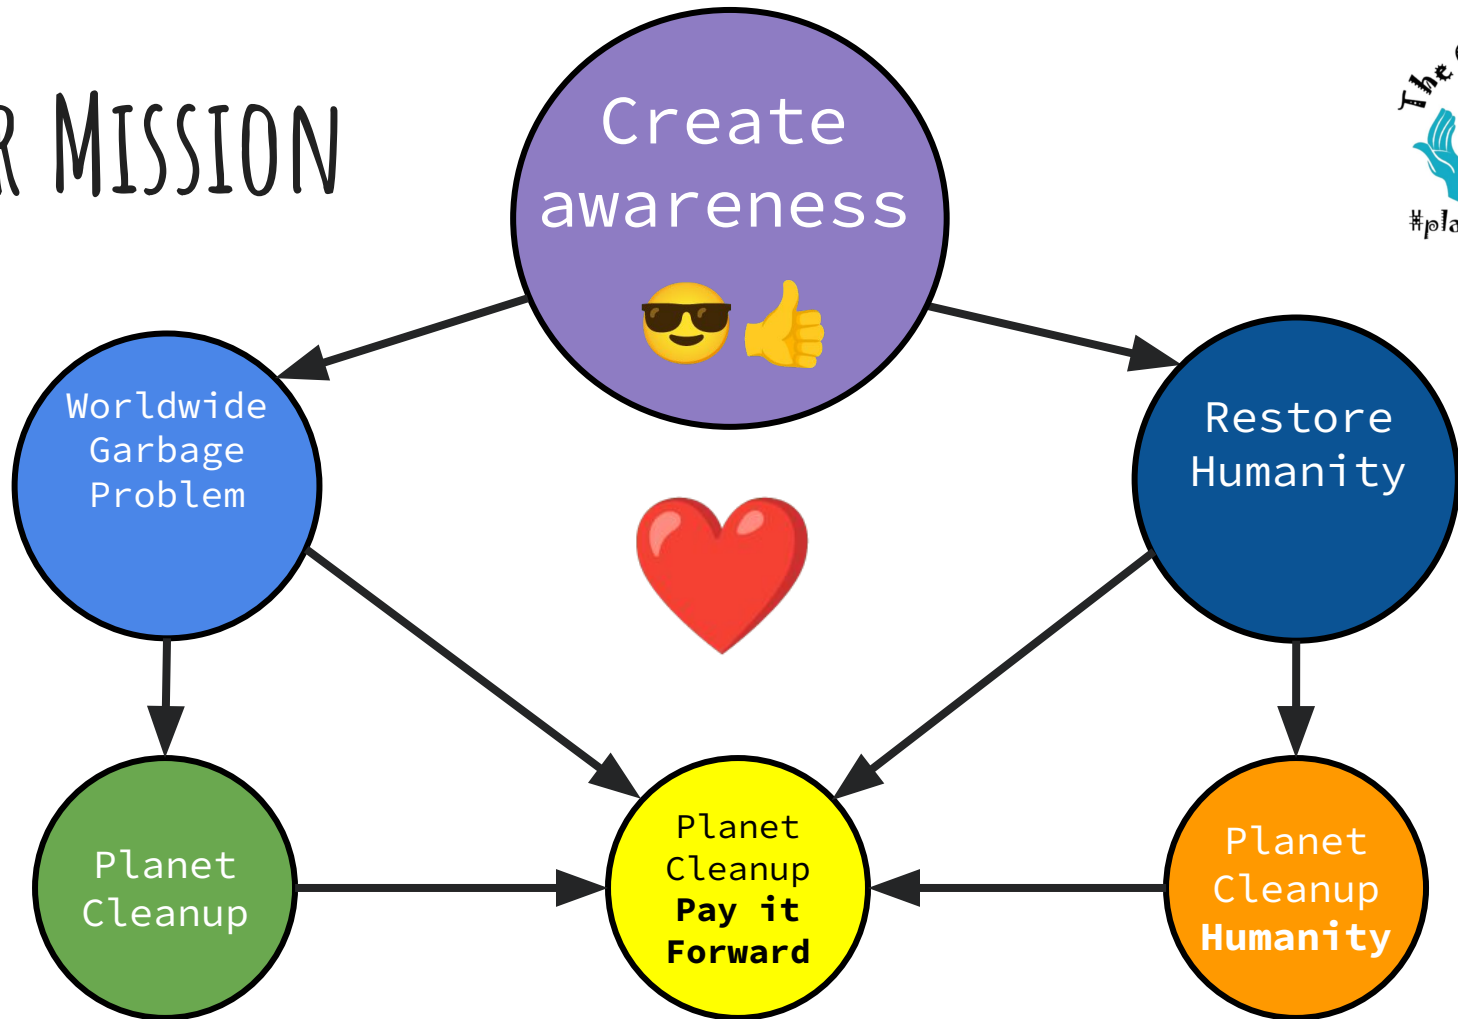

= **Earth**

= **100%**

OUR MISSION
